INDEPENDENT AUDITOR'S REPORT

The Board of Trustees
Council Bluffs City Water Works
Council Bluffs, Iowa

We have audited the accompanying balance sheets of the Council Bluffs City Water Works, Council Bluffs, Iowa (Water Works) as of December 31, 2007 and 2006, and the related statements of revenues and expenses, fund equity and cash flows for the years then ended. These financial statements are the responsibility of the Water Works' management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America, Chapter 11 of the "Code of Iowa" and "Governmental Auditing Standards" issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Council Bluffs City Water Works as of December 31, 2007 and 2006, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with "Government Auditing Standards", we have also issued a report dated April 9, 2008 on our consideration of the Water Works' internal control over financial reporting. The purpose of that report is to describe the scope of our testing of internal control over financial reporting, and not to provide an opinion on the internal control over financial reporting. That report is an integral part of an audit performed in accordance with "Government Auditing Standards" and should be considered in assessing the results of our audit.

Management's Discussion and Analysis and budgetary comparison information on pages 1 through 4 and 16 through 17 are not required parts of the basic financial statements, but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Calendar Year Ending December 31, 2007 (Audited)

Council Bluffs Water Works provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the calendar year ending December 31, 2007. We encourage readers to consider this information in conjunction with our financial statements, which follow.

FINANCIAL HIGHLIGHTS

- ◆ The Water Works' operating revenues increased 2.8%, or \$226,042, from calendar year 2006 to 2007.
- ◆ The Water Works' operating expenses increased 5.4%, or \$382,468, from calendar year 2006 to 2007.
- ◆ The Water Works' net assets increased 5.0%, or \$1,836,479, from calendar year 2006 to 2007.

USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements and other information, as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the Water Works financial activities.

Financial Statements consist of Balance Sheets, Statements of Revenues and Expenses, Statements of Fund Equity, and Statements of Cash Flows. These provide information about the activities of the Council Bluffs Water Works as a whole and present an overall view of the Water Works finances.

Notes to financial Statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

Required Supplementary Information further explains and supports the financial statement with a comparison of the Water Works' budget for the year.

Other Supplementary Information provides comparative financial data with a prior year and statistical data.

FINANCIAL ANALYSIS

Statement of Net Assets

The statement of net assets presents the assets, liabilities, and net assets of the Water Works, as of the end of the calendar year. The purpose of this statement is to present a summary of the Water Works to the readers of the financial statements. The statement of net assets includes year-end information concerning current assets and liabilities, and net assets (assets less liabilities). Readers of the financial statements are able to determine the Water Works financial position by analyzing the increases and decreases in net assets. This statement is a good source for readers to determine how much the Water Works owes to outside vendors and creditors. The statement presents the available assets that can be used to satisfy those liabilities.

The largest portion of the Water Works' net assets 80.5% is the investment in capital assets (building and structures, furniture and fixtures, tools and equipment, distribution system, meters and automotive equipment), less the related debt. The restricted portion of the net assets 2.2% includes resources that are subject to restrictions. The remaining net assets 17.3% are the unrestricted net assets that can be used to meet the Water Works' obligations as they come due.

Statement of Revenues, Expenses and Changes in Net Assets

Changes in total net assets as presented on the statement of net assets are based on the activity presented in the statement of revenues, expenses, and changes in net assets. The purpose of the statement is to present the revenues received by the Waters Works, both operating and non-operating, and the expenses incurred.

A summary of revenues, expenses and changes in net assets for the year ending December 31, 2007 and 2006 is presented below:

<u>Changes in Net Assets</u>

The Statement of Revenues, Expenses and Changes in Net Assets reflects a positive year with an increase in the net assets at the end of the calendar year.

In calendar year 2007, operating revenues increased by \$226,042 or 2.8%, primarily a result of increase rates on capital facility fees and service charges.

Statement of Cash Flows

The Statement of Cash Flows presents information related to cash inflows and outflows, summarized by operating, capital and related financing and investing activities. Cash provided by operating activities include metered water sales, miscellaneous water sales, penalty charges, and service charges. Cash used from capital and related financing activities includes: principal payment of revenue bonds, interest paid on revenue bonds, interest paid on consumer deposits, additions to property, plant, and equipment, and contributions-in-aid of construction. Cash used by investing activities includes purchase of certificates of deposits and interest income.

CAPITAL ASSETS

At December 31, 2007, the Water Works had \$65,343,903 invested in capital assets, net of accumulated depreciation of \$28,616,654. Depreciation expense totaled \$2,360,919 for calendar year 2007. More detailed information about the Water Works' capital assets is presented in Note 4 to the financial statements.

LONG-TERM DEBT

At December 31, 2007, the Water Works had \$5,800,000 debt outstanding.

ECONOMIC FACTORS

Council Bluffs Water Works continued to support development throughout the community to improve its financial position during the current calendar year.

- ◆ Vulnerability and security improvement of our system will be an ongoing process.
- ◆ Facilities at the Water Works require constant maintenance and upkeep.
- ◆ Chemical cost, electricity, maintenance of mains and services, and health insurance continue to put pressure on the Water Works resources.
- ◆ Continued growth in the community requires the Water Works to invest in new infrastructures to meet the growing demands of the community.

COUNCIL BLUFFS CITY WATER WORKS
NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2007 and 2006

Note 1. Summary of Significant Accounting Policies

Reporting Entity and Basis of Accounting

The Council Bluffs City Water Works ("Water Works") is a related organization to the City of Council Bluffs, Iowa ("City") and is not included in the City's financial statements. The Mayor, with City Council concurrence, appoints individuals to the Water Works' Board of Trustees. The Water Works' Board of Trustees maintains oversight responsibility and, therefore, is responsible for selection of management personnel and all financial matters. The authority to adopt the annual budget, to incur debt and to fix rates and charges is vested in the Board of Trustees. The Water Works is exempt from state and Federal income taxes. The Water Works' financial statements are prepared on the accrual basis.

The Water Works has elected to apply all pronouncements of the Governmental Accounting Standards Board ("GASB") as well as all Financial Accounting Standards Board's statements and interpretations issued on or before November 30, 1989 unless these pronouncements conflict with or contradict GASB pronouncements.

The Governmental Accounting Standards Board Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments; Statement No. 37, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments: Omnibus; and Statement No. 38, Certain Financial Statement Note Disclosures; and Statement No. 41, Budgetary Comparison Schedule – Perspective Differences, were implemented for the year ended December 31, 2004. The statements create new basic financial statements for reporting the Water Works' financial activities. The financial statements have always been prepared on an accrual basis of accounting so the beginning net assets did not have to be restated for that reason.

Revenues

Metered water sales include amounts billed to customers on a monthly and bimonthly cycle basis and unbilled amounts based on estimated usage from the latest meter reading to the end of the accounting period.

Short-term Investments

Investments include time certificates of deposit maturing within six months. Investments are carried at cost which approximates market.

Consumer Accounts Receivable

The consumer accounts receivable balance includes an assessment for sewer fees, which the Water Works bills on behalf of the City. A corresponding liability represents the amount of consumer accounts receivable that will be remitted to the City upon collection.

Valuation of Inventories

Inventories are valued at the lower of cost (average cost method) or market.

COUNCIL BLUFFS CITY WATER WORKS

NOTES TO FINANCIAL STATEMENTS Years Ended December 31, 2007 and 2006

Note 1. Summary of Significant Accounting Policies – Continued

Property, Plant and Equipment

Property, plant and equipment are stated at cost. Depreciation is computed using the straight-line method based on estimated useful lives.

Maintenance and repair of property, plant and equipment are charged to operations and major improvements are capitalized. Upon retirement, sale or other disposition of property, plant and equipment, the cost and accumulated depreciation are eliminated from the accounts and gain or loss is included in operations.

Accrued Compensated Absences

Accrued compensated absences represent vacation time, which has been earned by employees in the current year to be used in subsequent years. Sick leave does not vest and, therefore, is not accrued.

Contributions-in-Aid of Construction and Contributed Capital

Contributions of cash by governments, customers or developers are maintained by the Water Works as restricted assets and restricted liabilities until expended. When expended the contributor's costs of construction are recorded as property, plant and equipment and contributed capital. Further, a contribution may be in the form of a completed project in which the contributor's costs of construction is recorded directly into the property, plant and equipment and contributed capital accounts. Depreciation expense recognized on these assets is charged to contributed capital.

Cash and Cash Equivalents

For purposes of the statements of cash flows, the Water Works considers all highly liquid instruments with a maturity of three months or less when purchased to be cash equivalents.

Use of estimates

In preparing the accompanying financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 2. Cash and Short-term Investments

Listed below is a summary of the deposit and investment portfolios that comprise cash and investments on the December 31, 2007 balance sheet including restricted cash and cash equivalents and investments:

Deposits

For reporting purposes, Water Works' deposits are classified in these three categories of credit risk:

1. Insured or collateralized with securities held by the Water Works or by its agent in the Water Works' name.
2. Collateralized with securities held by the pledging financial institution's trust department in the Water Works' name.
3. Uncollateralized.

At December 31, 2007, deposits consisted of the following:

Note 6. Revenue Bonds

On April 1, 1995, the Water Works issued \$4,500,000 in tax-exempt Water Revenue Bonds Series 1995, bearing interest at rates ranging from 5.4% to 5.5% due in 2010. The bonds were issued to pay costs of construction of a 1.5 MGD Clearwater Well as well as various other capital projects. The bonds may be redeemed, in whole at any time, or in part on any interest payment date, in order of maturity on or after December 1, 1996. These bonds were paid off in December 2005 with the proceeds from the 2004 Water Revenue Refunding Bonds.

On April 1, 2004, the Water Works issued \$2,085,000 in tax exempt Water Revenue Refunding Bonds Series 2004, bearing interest at rates ranging from 1.5% to 2.6% due in 2010. The bonds were issued to crossover refund on December 1, 2005, \$2,020,000 of the outstanding Series 1995 Bonds, maturing December 1, 2006 through 2010, originally dated April 1, 1995.

On December 21, 2005, the Water Works issued \$1,995,000 in tax exempt Water Revenue Bonds Series 2005, bearing interest at rates ranging from 3.9% to 4.1% due in 2020. In January 2006, the Water Works issued \$3,005,000 in tax exempt Water Revenue Bonds Series 2006, bearing interest at rates ranging from 3.5% to 4.375%. The 2005 and 2006 Series bonds were issued to finance the following projects: a new booster pump station, new ground storage reservoir with a 2 to 3 million-gallon capacity, and new high service pump.

The bond resolutions relating to the Series 2004, 2005 and 2006 Revenue Bonds require the Water Works to provide net available revenue at an amount not less than 1.25 times the maximum annual debt service on the then outstanding bonds. For the years ended December 31, 2007 and 2006 the ratio was 4.19 and 4.21 respectively.

Note 6. Revenue Bonds (Continued)

The bond resolutions also provide for the maintenance of a revenue fund represented by a cash account into which all monies derived by the Water Works from revenue are to be deposited. These funds are transferred monthly, in amounts to meet specified requirements, to separate accounts for operations and maintenance, bond redemption and interest, bond reserves and capital projects. The Water Works was in compliance with all debt covenants for the years ended December 31, 2007 and 2006.

Principal and interest requirements to maturity on revenue bonds outstanding at December 31, 2007 are as follows:

Year ended December 31,	Principal	Interest	Total Requirements
2008	\$ 680,000	\$ 211,185	\$ 891,185
2009	705,000	192,775	897,775

Note 7. Retirement Systems

IPERS

The Water Works is a participating employer in the Iowa Public Employees Retirement System ("IPERS"), which is a cost-sharing multiple-employer public employees retirement system designed as a supplement to Social Security. During 1998, IPERS adopted GASB Statement No. 25 and the Water Works adopted GASB Statement No. 27, "Accounting for Pensions by State and Local Government Employers".

All employees who did not participate in any other public retirement system in the State are eligible and must participate in IPERS. The pension plan provides retirement and death benefits, which are established by State statute. Generally, a member may retire at the age of 65 or any time after age 62 with 30 years or more of service or when age plus years of service equals or exceeds 88, and receive full benefits. However, regardless of meeting the Rule of 88 the member will not receive full benefits unless the member has at least 30 years of service. Members may also retire at the age of 55 or more at reduced benefits. Benefits vest after four years of service or after attaining the age of 55. Full benefits are equal to fifty-six percent of the average of the highest three years of covered wages times years of service divided by 30 for members retiring on or after July 1, 1992.

Note 7. Retirement Systems (Continued)

The plan is administered by the State of Iowa and the Water Works' responsibility is limited to payment of contributions. Contribution and benefit provisions are established by state law and may only be amended by the state legislature. During the year ended June 30, 2007, State statute requires contributions of 3.90 percent by the employee and 6.05 percent by the employer. Certain employers and employees in special risk occupations contribute at a slightly higher rate as required by statute. Contribution rates are applied on the first \$225,000 and \$220,000 of compensation in calendar years 2007 and 2006 respectively. The contribution paid by the Water Works totaled \$128,579 and \$112,894 for the years ended December 31, 2007 and 2006 respectively, and the contribution paid by employees totaled \$82,120 and \$72,444, respectively. The total payroll for employees covered by IPERS for the years ended December 31, 2007 and 2006 was \$2,164,599 and \$1,957,937 respectively, and the total Water Works' payroll for 2007 and 2006 was \$2,166,036 and \$1,962,061 respectively. The Water Works' employer and employee contributions during the years ended December 31, 2007 and 2006 represented less than one percent of total contributions of all participating entities.

IPERS prepares a separate report that includes financial statements and required supplementary information. The report can be obtained by writing IPERS, 600 East court, P. O. Box 9117, Des Moines, Iowa 50306. IPERS does not invest in obligations of the State of Iowa or its political subdivisions.

Note 8. Risk Management

The Water Works is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Water Works carries commercial insurance for all risks of loss, including errors and omissions, destruction of assets and natural disasters. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

The Water Works participates in the City workers' compensation self-insurance plan. The plan pays \$500,000 per incident with no upper limit. The Water Works pays a premium to the City for its portion of workers' compensation.

As of July 2007, The Water Works participates in a partially self-funding benefit plan for its employees' health insurance. The plan is administered by a third-party which estimates The Water Works maximum annual exposure to be \$227,200. The Water Works contributes funds monthly to a separate bank account to supplement the employee's deductible. The balance in this account as of December 31, 2007 was \$ 3,214.

Note 9. Subsequent Event

In January 2008, The Water Works entered into an agreement with the Iowa Finance Authority for a line of credit in the amount of \$2,867,000. The line of credit bears 0% for three years at which time it can be included in a construction loan with the Iowa Finance Authority, which is pre-approved for \$29,846,077. The line of credit and the perspective construction loan are to pay for expected improvement and expansion costs.
