

We are beginning our Oak Street Pump Station Improvements Project. Due to water main construction, we will reduce traffic lanes at the intersection of North Broadway and East Kaneshville to lay new water main pipe under the street. Phase 1 will occur from August 10<sup>th</sup> to August 25<sup>th</sup>, and Phase 2 will occur from August 26<sup>th</sup> to September 9<sup>th</sup>. Please see the attached maps for lane restrictions. We thank you for your patience and understanding as we construct this important project to our water system.

OAK STREET PUMP STATION IMPROVEMENTS

TRAFFIC CONTROL - PHASE 1
